

Life. Career. Balance.

Who is SSOE Group?

We're an internationally ranked architecture and engineering design firm.

SSOE specializes in delivering complicated, high-stakes projects and value through long-term program management and sustaining support.

We differentiate ourselves through collaboration: from the way we treat each other to how we deliver projects. We align project stakeholders, create a common vision, and deliver that vision. Our employees love their jobs for good reason, and you will too.

The Best of Both Worlds

At SSOE, our growth trajectory allows us to offer the opportunities normally associated with a large firm while embracing the collaborative and supportive culture often found in smaller firms. As a member of the SSOE team, you'll work on exciting and diverse projects for Fortune 100 clients around the globe, supported by the best technology for the task at hand. You'll experience our employee-centric culture that strives to offer a healthy balance, flexible working arrangements, direct access to leadership at all levels, and a mindset of continuous learning.

Why Choose SSOE?

At SSOE, we see you as a human being, not an employee number.

We're committed to providing an attractive and compelling Employment Value Proposition in order to form a foundation for employee success. Providing the best possible workplace for our employees gives us a competitive advantage—helping attract and retain top talent and drive better business results.

Total Benefits

We offer a flexible benefits package that supports your physical and mental health, encourages work-life balance, and empowers your career and financial success.

Our Mission:

To deliver unparalleled client value that advances the AEC industry.

Our Vision:

Designing and building the future for our clients, colleagues, and communities.

Company Facts

We've been named a certified Great Place to Work® based on exemplary ratings provided by employees in an anonymous survey, with 93% rating us as a great place to work (compared to a benchmark of 57% for the average U.S. company).

For the past five years, we've been recognized as one of the fastest-growing architecture, engineering, planning, and environmental consulting firms in the U.S. by management consulting and research firm Zweig Group.

We cover the expense of professional licensures and certifications, along with preparation classes and exam fees. As an added incentive, employees are also awarded a recognition bonus once they've passed an exam.

Our full-time group dedicated to innovation ensures employees are equipped to drive collaboration through creativity and a full suite of tools and techniques like reality capture, modularization, off-site prefabrication, virtual reality, and BIM.
